

- Write down all the words you know from the winter starting with the letter 'W'.
- Give snowmen pretty names of A untilZ.
- Write down as many words of winter as possible at the letters of the alphabet.
The A of The B of
- What winter sports do you know? Write them down from A to Z.
- If it has snowed then write the alphabet in the snow!
- Make snowballs the letters of your name.

-
- *What happens if it never snows again?*
 - *What if the temperature is always 25 degrees?*
 - *What if winter falls in the summer holidays?*
 - *What happens if all snowmen could talk and walk? Think of a nice story in the quintuple corner. (help from superstructure or by making a booklet at the storytelling table)*
 - *What would you do if you had five days of ice / snow free?*
-

- **Think of a solution for the following problems:**
- **How do you manage that nobody ever falls when there is snow / ice?**
- **How do you ensure that you can always skate in the winter?**
- **How do you ensure that your snowman is just as big as the Eiffel Tower?**
- **How can you always win with a snowball fight?**
- **How can you make a snowman if it has not snowed? Make it in the workshop. How is it that it looks like a snowman?**

-
- *How do you make a house of snow and ice?*
 - *How can you eat with icicles?*
 - *How can you make a mountain with only snowballs?*
 - *How do you make a tunnel through it?*
 - *How can you make skis with popsicle sticks? Make it in the workshop.*
 - *How can you make a fence around an ice rink? Make it in the workshop. First design, then create.*
